

*You're Invited to attend the ....*

## **Parent Discussion Group**

14 Hinkler Street

9.30am-11.30am Every Second Monday

24 May 2010

### **Guest Speaker**

Liz Morgan

**from Bridges Drug and Alcohol Treatment Service**

Specialise in mental health and drug and alcohol programs for people in the Bundaberg and surrounding districts.

Will be providing information for parents that have concerns for their children in relation to drug and alcohol as well as strategies to prevent and flag drug and alcohol use.

It is about Parents and Carers coming together to learn and share different developmental stages of children. The group will choose topics and Marnie Pearson, Child and Family Support Co-Ordinator will assist in gathering relevant info and invite guest speakers.

It is an opportunity to share experiences, concerns... what has worked for you, what's not working for you and so on. It is a great sharing opportunity for all involved, informal and relaxing, a chance to share information and meet new people.

Programmed activities are provided for the children, it allows the children to interact with other children in a safe and small group setting.
