

# BUILDING a better FUTURE

2016 - 2017 4th Quarter Operational Report

## **Operations and Performance Measures**

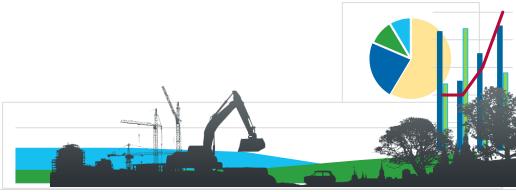

The following symbols indicate the progress of operations and projects.

| Indicator | Status          | Indicator meaning   |
|-----------|-----------------|---|
| <b>√</b>  | On track        | Initiative is proceeding to plan with no indication of future impediments.  |
| *         | Completed       | Initiative has been completed.  |
| 0         | Monitor         | Progress is not as expected but action is being/has been taken and is expected to be back on track within the next quarter or financial year. |
| **        | Trend           | This data is being collected for observation and analysis.  |
| X         | Action required | Progress is significantly behind schedule or is rated 'closely monitor'. Decisive action is required to get back on track.                    |

**Notes:** Unless otherwise stated Targets are quarterly. Projects written in blue are either 1) carry-over projects from last financial year, and budgeted in the 1st quarter revision; or 2) projects that are part of a budgeted capital renewal program that are now allocated to specific projects. The *Works for Queensland* State Government funding initiative has enabled a significant number of projects to be added to our capital renewal program this quarter.

Notes: Projects written in blue are either 1) carry-over projects from last financial year, and budgeted in the quarterly revision; or 2) projects that are part of a budgeted capital renewal program that are now allocated to specific projects. The Works for Queensland State Government funding initiative has added a significant number of projects to be included in our capital renewal program this year, these have to be completed by Nov 2017.

\*Note: Works for Queensland 3rd quarter forecasts were based on original submissions in February. Budget adjustments will be made in the 1st Quarter Revisions.
