

Commercial Street, Production Street and Brickworks Circuit, Svensson Heights Intersection Upgrade

Issue 1 – May 2024

Bundaberg Regional Council will be completing an intersection upgrade at Commercial Street, Production Street and Brickworks Circuit, Svensson Heights as highlighted in orange on the map to the right.

Construction will commence 15 May 2024. Work is expected to be undertaken weekdays between the hours of 6am and 5pm, however some weekend work maybe required. The asphalt surfacing will be carried out as night works between the hours of 6pm and 6am. Weather permitting, work will be completed by late June 2024.

During construction, sections of the roads will be subject to traffic management measures. Nightworks will require the intersection to be closed to all traffic with detours in place. Appropriate signage will be displayed to guide road users.

The Site Supervisor will liaise directly with affected businesses to facilitate property access during construction.

The Site Supervisor will also discuss where to place your wheelie bin prior to the day of collection where construction works conflict with your refuse collection.

Bundaberg Regional Council is aware of the inconvenience road work can cause and thanks residents and road users in advance for their patience and co-operation.

If you have concerns in relation to the upgrade works, contact Civil Works Engineer on 1300 883 699 or email the Civil Works team at:

civilworks@bundaberg.qld.gov.au

During construction, please direct any site enquiries to the Site Supervisor as per the contact information provided to the right.

Highlighted area is indicative only
