

Road Rehabilitation Program 2023-2024

Road Reconstruction and Rehabilitation Works

Issue 8 – June 2024

Bundaberg Regional Council has appointed Berajondo Earthmoving and Haulage as Principal Contractor to undertake road reconstruction and rehabilitation works on various sites throughout the Bundaberg Regional Council area.

As part of these works, construction activities will be carried out on sections of the following roads from early July, weather permitting:

- Booloongie Road

Bundaberg Regional Council Civil Works Teams will commence Road Culvert replacements near No 22 & No 84 on Booloongie Road from Tuesday 2nd July 2024. While these works are being carried out by council, a road closure will be in place with suitable detours in place. The construction activities are expected to be carried out between the hours of 6.00am and 6.00pm, Monday to Friday.

Berajondo Earthmoving and Haulage will commence the road reconstruction and rehabilitation works from Mid – Late July 2024 with works taking approximately 1 week to complete when they start on site, weather permitting. These works will be undertaken using Traffic Control and some Road Closures, allowing access to Local Traffic Only during construction. Access to private properties adjoining the work areas will be maintained during the construction period. Residents can

expect changes to traffic conditions during this time and minor delays may be experienced. Berajondo will provide suitable arrangements to maintain waste collection services where these are provided, during the construction period.

Bundaberg Regional Council is aware of the inconvenience construction work causes and thanks businesses, residents and road users in advance for their patience and co-operation.

If you have any concerns in relation to the works, please contact Council's Project Manager, Mr Thomas Corr on the number listed below.
