Organisational Services

Subject:

Fees and Charges Register 2019/2020

Report Author:

Rob Callander, Revenue Manager

Authorised by:

Amanda Pafumi, General Manager Organisational Services

Link to Corporate Plan:

Our People, Our Business - 3.1 A sustainable financial position - 3.1.2 Apply responsible fiscal principles for sustainable financial management.

Background:

Fees and Charges are determined by Council in accordance with Sections 97 and 262 of the *Local Government Act 2009*.

Council's 2019/2020 Fees and Charges Register has been revised and is attached for consideration. The fees and charges have generally been increased by approximately 2.5%. Some fees and charges have been rounded up to promote administrative efficiency and ease of application and use.

Council's Register of Fees and Charges comprises:

- A 'Cost-Recovery' Section, which contains fees for services of a regulatory nature which generally only Council can provide, and;
- A 'Commercial' Section, which comprises services which the community is not obliged to obtain from Council.

Both sets of Fees and Charges are divided into departments and sections, and are numbered accordingly, to facilitate administrative efficiency and ease of use.

Section 97(4) of the Local Government Act 2009 provides that Council cannot charge more for a Cost Recovery Service than the cost of the service, and therefore the 2.5% increase in fees reflects the increased cost to Council.

Associated Person/Organization:

Not applicable

Consultation:

Councillors, Chief Executive Officer, General Managers and Managers.

Chief Legal Officer's Comments:

Under section 97 of the *Local Government Act 2009*, Council may, pursuant to a resolution, fix a cost recovery fee. Cost recovery fees must be in accordance with the Act section 262 provides Council with the power to charge for a service or a facility, other than a service or facility for which a cost-recovery fee may be fixed.

Policy Implications:

Consistent with Council's Revenue Policy (GP-3-001).

Financial and Resource Implications:

A framework for Council's Fees and Charges Register.

Risk Management Implications:

There appears to be no risk management implications.

Communications Strategy:

Communications Team consulted. A Communication Strategy is:

- Not required
- Required

Attachments:

[↓](#)1 2019/2020 Fees and Charges Register

Recommendation:

That Council's 2019/2020 Fees and Charges, as detailed in the Fees and Charges Register appended to this report, be adopted by Council, to take effect from 1 July 2019.

PLUMBING COMPLIANCE – TRADE WASTE

Licences for Waste Discharge to the Sewer under "Trade Waste Policy".

Note:

No Permit Fees to apply to operations licenced under the Environmental Protection Act 1994.

continued on next page ...

Page 16 of 147

Name	Legislation	LGA	Year 18/19 Fee (incl. GST)	Year 19/20 Fee (incl. GST)	Unit
------	-------------	-----	----------------------------------	----------------------------------	------

PLUMBING COMPLIANCE – TRADE WASTE [continued]

Exceedance Charges	Water Supply (Safety & Reliability) Act 2008, Water Act 2000 -Part 2, Div 1 – Water Authorities	LGA 2009 s97 2(a)	\$1.85	\$1.90	per kilolitre
--------------------	---	-------------------	--------	--------	---------------

The penalty fee is set per Kilolitre for discharge where the flow is greater than the set fee.

The charge will apply to each non-compliant parameter in addition to all other charges and will be calculated as follows:

Charge = (actual/approved)^d x charge rate (\$/kg) x kg pollutant

Where:

d = a constant determined by Council

The minimum ratio for (actual/approved) is 1

Actual means the actual quantity or concentration value which has been admitted to the sewer

Approved means the sewer admission limit value or other negotiated value defined in the trade waste approval

PLUMBING COMPLIANCE – WATER

APPLICATION FOR PLUMBING AND DRAINAGE FOR PREMISES CONNECTED TO THE SEWERAGE SYSTEM

APPLICATION FOR ASSESSMENT OF PLANS FOR COMPLIANCE PERMIT, INSPECTIONS FOR DIFFERENT STAGES OR WORK AND COMPLIANCE CERTIFICATE FOR REGULATED WORK FOR PREMISES CONNECTED TO SEWERAGE

Class 1 & 1a dwelling – Septic conversion to Council sewer connection	Plumbing and Drainage Act 2002, Part 4 Compliance Assessment, Division 3 – Assessing Plans, s85 (c)	LGA 2009 s97 2(a)	\$423.00	\$434.00	each

Name	Legislation	LGA	Year 18/19 Fee (incl. GST)	Year 19/20 Fee (incl. GST)	Unit
------	-------------	-----	----------------------------------	----------------------------------	------

ALL OTHER OPERATIONAL WORKS INCLUDING OPERATIONAL WORKS ASSOCIATED WITH A MATERIAL CHANGE OF USE

Minor Works (less than \$50,000)	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)	\$590.00	\$605.00	each
All other	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)	2% of the total value of the works - minimum fee \$1,767		each

APPLICATIONS FOR PRELIMINARY APPROVAL

Note: Pursuant to section 109(b) of the Planning Act 2016, a fee included in this section can only be reduced in the circumstances prescribed by the Planning Regulation 2016 - see below

APPLICATIONS FOR PRELIMINARY APPROVAL – PLANNING ACT 2016 (SECTION 49)

Code or Impact – % of applicable Development Permit fee	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)		100%	each
---	--	-------------------	--	------	------

APPLICATION FOR A DEVELOPMENT PERMIT SUBSEQUENT TO A PRELIMINARY APPROVAL

Where consistent with Preliminary Approval – % of applicable Development Permit fee	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)		50%	each
Where inconsistent with Preliminary Approval – % of applicable Development Permit fee	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)		100%	each

Name	Legislation	LGA	Year 18/19 Fee (incl. GST)	Year 19/20 Fee (incl. GST)	Unit
------	-------------	-----	----------------------------------	----------------------------------	------

WHERE PRELIMINARY APPROVAL INCLUDES A PART THAT IS A VARIATION REQUEST

Fee applicable to application plus additional fee	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)		10% of base fee	each
---	---	-------------------	--	-----------------	------

REVIEW OF TECHNICAL AND OTHER REPORTS

Any application that includes additional technical or other reports that require assessment (including but not limited to reports about Environmental/Social Impacts, Economic Need and/or Impact, Contaminated Land, geotechnical, flood or other hydrological/hydraulic matters, traffic) shall pay the prescribed fee PLUS an additional fee for assessment of the additional reports.

Note: Pursuant to section 109(b) of the Planning Act 2016, a fee included in this section can only be reduced in the circumstances prescribed by the Planning Regulation 2016 - see below

Fee – Minor	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)	\$1,945.00	\$1,995.00	per report
Fee – Major	Planning Act 2016, Chapter 3 Development assessment, Part 2 – Development applications, Division 2 – making or changing applications s51 (1) (b) (ii)	LGA 2009 s97 2(a)	\$7,070.00	\$7,250.00	per report

OTHER DEVELOPMENT ASSESSMENT ITEMS

Note: Pursuant to section 109(b) of the Planning Act 2016, a fee included in this section can only be reduced in the circumstances prescribed by the Planning Regulation 2016 - see below

MAKING CHANGE REPRESENTATION REQUEST (NEGOTIATED DECISION REQUEST)

Fee	Planning Act 2016, Chapter 3 – Development assessment, Part 5 – Development approvals, Division 2 – Changing development approvals, Subdivision 2 – Changes after appeal period, S79 (1) (b) (i)	LGA 2009 s97 2(a)	\$590.00	\$605.00	each
-----	--	-------------------	----------	----------	------

Name	Legislation	LGA	Year 18/19 Fee (incl. GST)	Year 19/20 Fee (incl. GST)	Unit
------	-------------	-----	----------------------------------	----------------------------------	------

CHANGE APPLICATIONS**WHERE FOR A MINOR CHANGE**

Fee for a Minor Change cannot exceed the fee applicable to a new Development Application

Fee	Planning Act 2016, Chapter 3 – Development assessment, Part 5 – Development approvals, Division 2 – Changing development approvals, Subdivision 2 – Changes after appeal period, S79 (1) (b) (i)	LGA 2009 s97 2(a)	\$1,680.00	\$1,725.00	each
Plus for each condition requested to be changed	Planning Act 2016, Chapter 3 – Development assessment, Part 5 – Development approvals, Division 2 – Changing development approvals, Subdivision 2 – Changes after appeal period, S79 (1) (b) (i)	LGA 2009 s97 2(a)	\$216.00	\$222.00	each
Where the change is considered insignificant	Planning Act 2016, Chapter 3 – Development assessment, Part 5 – Development approvals, Division 2 – Changing development approvals, Subdivision 2 – Changes after appeal period, S79 (1) (b) (i)	LGA 2009 s97 2(a)	\$222.00	\$228.00	each

EXTENSION APPLICATION

Fee	Planning Act 2016, Chapter 3 – Development assessment, Part 4 – Development Assessment rules, Division 4 – Lapsing of and extending development approvals, Extension applications, S86 (2) (b)	LGA 2009 s97 2(a)	\$860.00	\$885.00	each
-----	--	----------------------	----------	----------	------

Name	Legislation	LGA	Year 18/19 Fee (incl. GST)	Year 19/20 Fee (incl. GST)	Unit
------	-------------	-----	----------------------------------	----------------------------------	------

REQUEST FOR EXEMPTION CERTIFICATE UNDER SECTION 46 OF THE PLANNING ACT

Fee	Planning Act 2016, Chapter 3 – Development assessment, Part 1 – Types of development and assessment, S46	LGA 2009 s97 2(a)	\$515.00	\$530.00	each
-----	---	----------------------	----------	----------	------

CANCELLATION APPLICATION

Fee	Planning Act 2016, Chapter 3 – Development assessment, Part 4 – Development Assessment rules, Division 3 – Cancelling development approvals, S84 (3) (a)	LGA 2009 s97 2(a)	\$715.00	\$735.00	each
-----	---	----------------------	----------	----------	------

REQUEST FOR APPLICATION OF SUPERSEDED PLANNING SCHEME

Fee	Planning Act 2016, Chapter 2 – Planning, Part 4 – Superseded planning schemes, Division 1, S29 (5), (c)	LGA 2009 s97 2(a)	\$1,125.00	\$1,155.00	each
-----	---	----------------------	------------	------------	------

APPLICATION FOR RECALCULATION OF ESTABLISHMENT COSTS

Fee	Planning Act 2016, Chapter 4 – Infrastructure, Division 3 – Development approval conditions about trunk infrastructure, Subdivision 3, – Working out costs for required offset or refund, S137 Process	LGA 2009 s97 2(a)	\$1,750.00	\$1,795.00	each
-----	--	----------------------	------------	------------	------

APPLICATION TO CONVERT NON-TRUNK INFRASTRUCTURE (CONVERSION APPLICATION)

Fee	Planning Act 2016, Chapter 4 – Infrastructure, Division 4– Miscellaneous provisions about trunk infrastructure, Subdivision 1, S139	LGA 2009 s97 2(a)	\$1,750.00	\$1,795.00	each
-----	---	----------------------	------------	------------	------

REFUND OF DEVELOPMENT APPLICATION FEES

Application fees will be refunded if an application is withdrawn prior to a decision being made as follows:

BUILDING

COMPETITIVE BUILDING FEES – PART A

These fees are confidential and are not to be released because of competitive nature.

(a) To enable Councils Building Certification Group to complete with Private Certifiers and to provide for great flexibility in the pricing of fees for Developments, Council acknowledges the following fees as a general basis of charging and authorises Council Building Certifiers to price application fees on merit. The pricing structure is to be based upon floor area, number of storeys, assessment time, travel distance and inspections required for individual applications in a manner similar to that used in development the base charges outlined hereafter.

(b) For the purpose of calculating the fee chargeable for a Building Approval for the erection of new structure, the area shall be the gross area of the structure measure outside the external walls and including the area of any veranda, pergola or roofed terrace.

(c) For the purpose of calculating the fee chargeable for a Building Approval for alterations and/or additions to an existing structure, the gross area shall be deemed to be the area of all room, compartments, or verandas, proposed to be altered or added, measured outside the external walls, if any, including soffits.

(d) When, in the opinion of the Building Certifier, a building is such that the measurements of its floor area do not provide an equitable basis of assessment of building fees, the Council may assess special building fees of such amount as are considered reasonable.

(e) For the purpose of calculating fees, a car parking area under a multi-unit building shall be considered a storey.

(f) The following fees are inclusive of GST (Note: The Lodgement Fee is not included but is to be added to fee calculated).

DRAFT

**Item****21 May 2019****Item Number:**

F2

File Number:

.

Part:

FINANCE

Portfolio:

Organisational Services

Subject:

Financial Summary as at 1 May 2019

Report Author:

Anthony Keleher, Chief Financial Officer

Authorised by:

Amanda Pafumi, General Manager Organisational Services

Link to Corporate Plan:

Our People, Our Business - 3.1 A sustainable financial position - 3.1.2 Apply responsible fiscal principles for sustainable financial management.

Background:

In accordance with Section 204 of the *Local Government Regulation 2012* a financial report must be presented to Council on a monthly basis. The attached financial report contains the financial summary and associated commentary as at 1 May 2019.

Associated Person/Organization:

Nil

Consultation:

Financial Services Team

Chief Legal Officer's Comments:

Pursuant to section 204 of the *Local Government Regulation 2012* the Local Government must prepare and the Chief Executive Officer must present, the financial report. The financial report must state the progress that has been made in relation the local government's budget for the period of the financial year up to a day as near as practicable to the end of the month before the meeting is held.

Policy Implications:

There appear to be no policy implications.

Financial and Resource Implications:

There appear to be no financial or resource implications.

Risk Management Implications:

There appears to be no risk management implications.

Communications Strategy:

Communications Team consulted.

- Yes
- No

Further to the Financial Summary Report as at 1 May 2019, the following key features are highlighted.

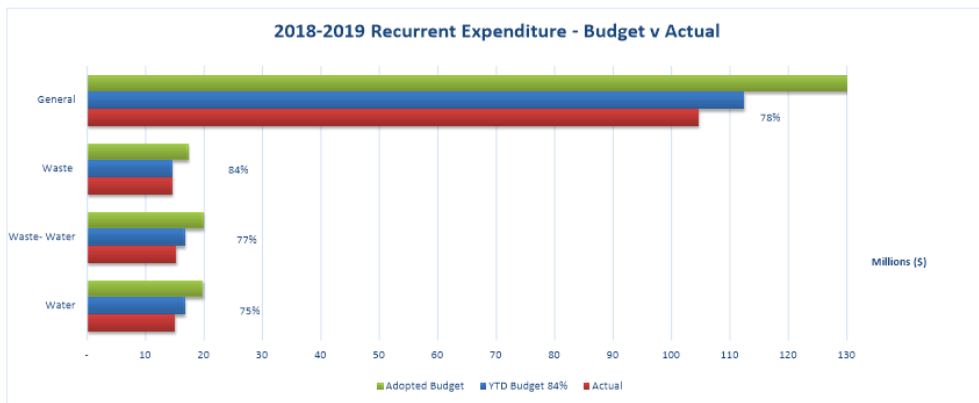

Recurrent Revenue

- Rates and Utility Charges have been levied for the six months to June. Year-to-date income for the general fund is slightly lower than 100% of budget. This will increase in the next two months as Council receives payments in advance.
- Fees and charges are tracking in line with the budget. There are some minor seasonal variations within the funds.
- Interest Revenue is more than the year-to-date budget. This is due to the significant cash balance Council currently holds to fund the capital works program in the latter part of the financial year. It's expected the interest revenue that will be received this financial year will be greater than the budget.
- Grants, Subsidies and Donations are less than the year-to-date budget. This is expected and reflects the payment cycle of several grants. Council has made a provision in the budget for an advance of the 2019/2020 Financial Assistance Grant which is expected to be paid in June.

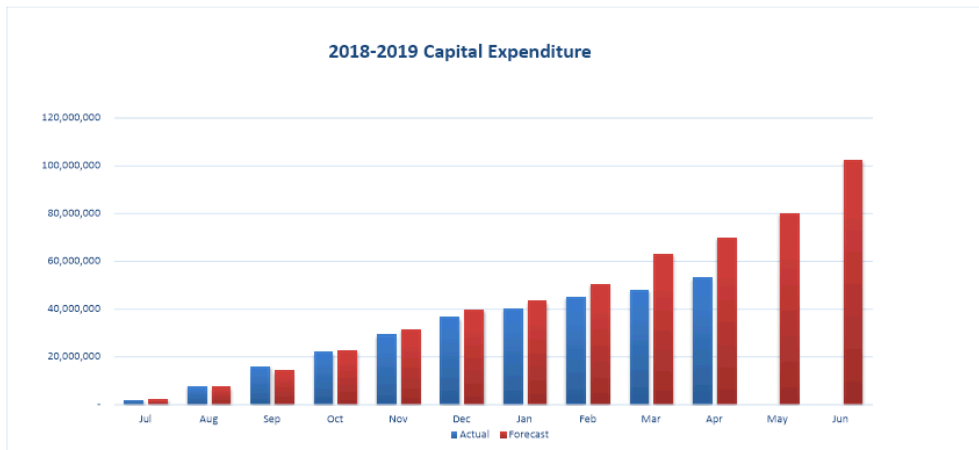

Recurrent Expenditure

- Employee Costs are slightly less than the year-to-date budget. In the Waste Fund the wages are tracking above budget with additional resources being employed to meet operational requirements.
- Materials and Services are less than the year-to-date budget. This is a result of significant Non-Capital Projects, such as the Staff Relocation Project not yet being delivered. It's expected that materials and services will be less than the budget this financial year.
- Finance Costs are slightly less than the year-to-date budget. These finance costs will be incurred prior to the end of the financial year and approximate the budget.

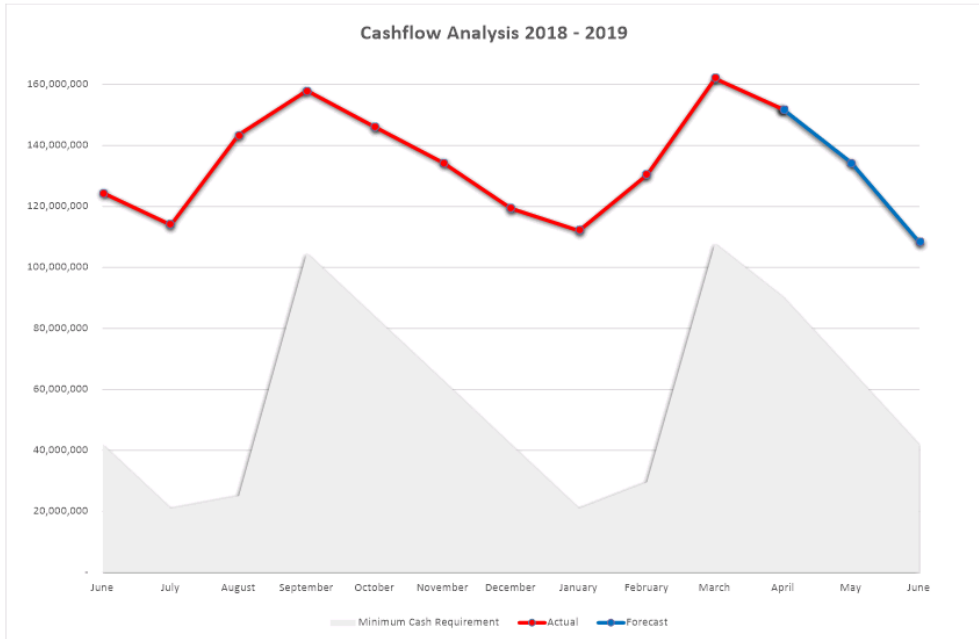

Capital Expenditure and Capital Grants

- Capital expenditure is tracking below expectations this financial year with significant projects still to be delivered in the next two months. Significant projects currently underway and/or completed include the Norville Pool Bucket Play Area, Fitzgerald and Thabeban Street Roundabout, Regional Aviation Precinct Development, McCarthy Road Drainage, Hughes Road Roundabout and Staff Relocation work at East Depot. Projects that have recently begun include the Elliott Heads Foreshore Redevelopment, Netball Carpark Extension and the rollout of the Smart Water Meter Trial.
- Capital grants are on track with all milestones having been met and any variations to funding agreements approved. There are several capital grants claims to be submitted in the next two months as well as advances for future capital works projects.

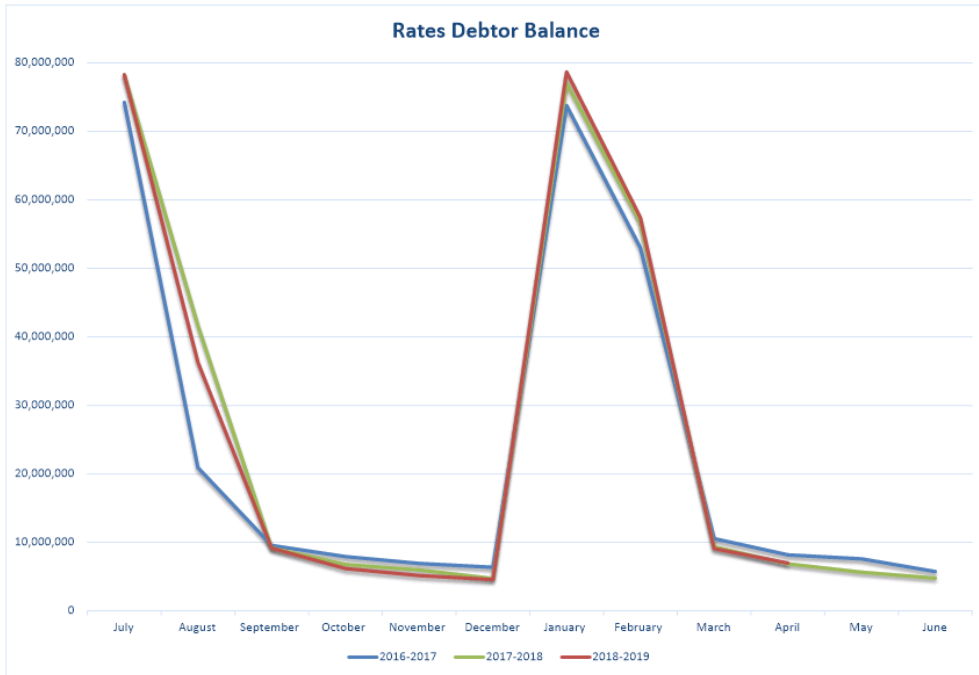

Cash

- The cash balance as at 1 May 2019 was \$151.9 million, a decrease of \$10 million from the last report at 1 April 2019, reflecting the outgoings relating to operations and capital works.
- No short-term liquidity issues are foreseeable. It's expected that the actual cash balance at the end of the financial year will be greater than the budget forecast as a result of the delivery of the capital works program.

Rates Debtor

- Rates outstanding total \$7 million which is equivalent with the rate debt outstanding this time last year. Correspondence has been sent by Councils debt recovery agent to ratepayers for debts which remain unpaid.

Recommendation:

That the minutes of the Audit and Risk Committee meeting held on 12 February 2019 be received and noted.

AUDIT & RISK COMMITTEE MINUTES

Meeting held Tuesday 12 February 2019, commencing at 10 am
Council Committee Room, 1st Floor, 190 Bourbong Street, Bundaberg

Committee Attendance:

Bradley Grogan (Chair and External Representative)
Cr Helen Blackburn (Council Representative)
Cr Jack Dempsey (Mayor and Council Representative)
Debbie Rayner (External Representative)

By Invitation – Council Staff:

Adam Wyatt, Group Manager Projects
Amanda Pafumi, General Manager Organisational Services
Anthony Keleher, Chief Financial Officer
Elda Fortune, Risk & Insurance Officer
John McMullen, IMS Team Leader
Nicole Miller, Executive Assistant (Minute Taker)
Simon Muggerridge, Financial Services Coordinator
Stuart Randle, Acting Chief Executive Officer
Susan Barletta, Acting Internal Auditor

By Invitation – Teleconference:

Allan Diano, Queensland Audit Office
Clayton Russell, Pitcher Partners
Jason Evans, Pitcher Partners
John Hanwright, Queensland Audit Office

1. Welcome

Bradley Grogan welcomed all attendees to the meeting.

2. Apologies

Apologies from Council staff were noted:

- Gavin Steele, General Manager Community & Environment;
- Kirstin Harrison, Acting General Manager Community & Environment;
- Stephen Johnston, Chief Executive Officer.

3. Confirmation of Minutes

It was agreed that the Minutes of the meeting held 18 October 2018, be taken as read and confirmed.

4. Major Projects Update

Adam Wyatt provided a verbal update on the Airport Precinct project.

It was agreed that the information presented be noted by the Committee.

Adam Wyatt left the meeting at 10.11am.

5. Internal Quality Audit Reports

John McMullen informed the Committee that three audits have been completed which created 18 additional CAR's, seven CAR's have been closed. Amendments have been made to the audit plan to replace two previous audits.

It was agreed that the information contained in the report be noted by the Committee.

Pitcher Partners & Queensland Audit Office entered meeting 10.25am.

John McMullen left the meeting at 10.28am.

6. External Audit Update

Representative from Pitcher Partners and Queensland Audit Office provided an update on the briefing note and external audit plan, addressing any queries raised.

It was agreed that the information contained in the update, be noted by the Committee.

John Hanwright left meeting at 11:10am.

7. Assessment of Financial Information

Anthony Keleher presented information on the below items, and addressed any queries raised:

- a) Financial summary as at 31 December 2018, adopted by Council on 29 January 2019;
- b) QAO performance audit;
- c) Infrastructure chargers audit;
- d) Draft work plan for 2019.

It was agreed that the information contained in the report's and draft work plan, be noted and accepted.

Pitcher Partners left meeting at 11:25am.

8. Assessment of Risks

Elda Fortune provided a risk management update noting the below, and addressed any queries raised:

- a) Risk Matrix Report and Risks by Category Report;
- b) Corporate and Operational High and Extreme Risks.

It was agreed that the information contained in the update be noted by the Committee.

9. Internal Audit Reporting

Susan Barletta presented information on the below items, and addressed any queries raised:

- a) Internal Audit Progress Report;
- b) Update of Corrective Actions Register – Reviewed 8 February 2019;
- c) Results of the 2018 Self-Assessment Survey.

It was agreed that the information contained in the update be noted by the Committee.

Jack Dempsey left meeting 11:36am.

10. Next Meeting – 3 May 2019

Meeting Closed 11:43am

B.V. 
Bradley Grogan
Committee Chair

ROADS & DRAINAGE

Portfolio:

Infrastructure Services

Subject:

Demaining of Buss Street and Powers Street Intersection - Burnett Heads

Report Author:

Adam Wyatt, Group Manager Projects

Authorised by:

Stuart Randle, General Manager Infrastructure Services

Link to Corporate Plan:

Our Environment - 2.2 Sustainable and affordable essential services - 2.2.1 Connect our people, places and industries by maintaining and improving road transport, pathway and drainage networks.

Background:

The projected growth of the Port of Bundaberg, led by projects such as the Knauf plasterboard facility, the Altus Renewables wood pellet storage facility and current and proposed mineral export facilities within the port area, have resulted in identifying the need for the upgrade of the ports localised road network to improve access for a considerable increase in heavy vehicles and general traffic generated by these projects as well as any potential future developments in the port area.

Current heavy vehicle access into the port is via Wharf Drive only, with B-Double access to the proposed developments via Newman Street. Due to the limited available road width, pavement condition, and proximity to port operations, etc, Wharf Dr which is controlled by the Gladstone Ports Corporation Limited, (GPC) is not considered suitable for the extensive upgrades required to handle the projected increase in future traffic, which has led to need to upgrade Buss Street.

Council, working collaboratively with GPC, has developed a design for the upgrade and realignment of Buss St and its intersection with Powers Street, (a State road controlled by the Department of Transport and Main Roads, (DTMR)) to enable Buss Street to be the primary heavy vehicle access route into the port development area with the western access from Powers Street.

Council successfully applied for 50% funding from Round 6 of the Heavy Vehicle Safety and Productivity Program, (HVSPP). In addition GPC have confirmed their commitment to provide matching funding to this HVSPP project, which is due to be undertaken between May 2019 and June 2020.

The realignment of the Powers Street / Buss Street intersection will see the removal of the current T intersection, which will be replaced with an offset Y junction allowing traffic to navigate from Powers Street onto Buss Street on a curve without the necessity of stopping to make the right angled turn which is currently the case. This new alignment has the approach to the curve beginning at a position approximately 100 meters west of the current intersection on Powers Street, requiring the de-maining of Powers Street from this point.

Discussions have been held over recent months between Council and DTMR officers regarding the realignment, resulting in recommendation of a cost neutral de-maining of the intersection (refer to Attachment 2).

The de-maining will enable Council to undertake works without having to seek the State's approval or input.

Associated Person/Organization:

Department of Transport and Main Roads
Gladstone Ports Corporation Ltd

Consultation:

Consultation and negotiation with the Department of Transport and Main Roads has been undertaken since the end of January 2019.

All Councillors

Ben Artup, Director Strategic Projects and Economic Development

Chief Legal Officer's Comment:

The demaining of this section of Powers Street will need to follow the appropriate processes under the *Local Government Act 2009*.

Policy Implications:

There appear to be no policy implications.

Financial and Resource Implications:

Maintenance of the section of road from CH100 to the intersection with Wharf Drive will pass to Council. Due to the short length of road acquired and that the area will become a newly constructed asset, the financial and resource impacts for this activity are considered negligible.

Risk Management Implications:

No risk management implications have been identified.

Communications Strategy:

Communications Team consulted.

- Yes
- No

Attachments:

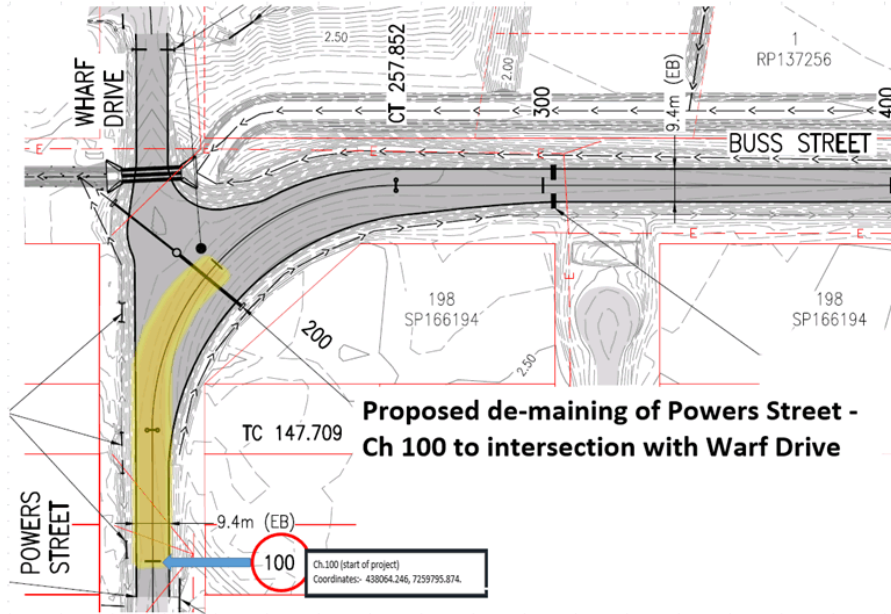

- [↓ 1](#) Attachment 1 - Map - Burnett Heads demaining
- [↓ 2](#) Attachment 2 - DTMR Letter

Recommendation:

That Council approve the demaining of the section of Powers Street from the start of the Buss Street upgrade project at Ch100 to the intersection of Wharf Drive and Buss Street, Burnett Heads.

Attachment 1

Layout plan showing location of proposed de-maining of Powers Street.

Attachment 2

Department of Transport and Main Roads response to council's de-maining proposal.

Dear Mr Curro

PROPOSED UPGRADE TO POWERS STREET/BUSS STREET INTERSECTION

State-controlled road	Bundaberg – Port Road (Powers Street)
Construction works:	Proposed road upgrade works for the Powers Street/Buss Street intersection, Burnett Heads
Street Address:	Powers Street/Buss Street intersection, Burnett Heads QLD 4670
Local Government Area:	Bundaberg Regional Council
Location	175 at 19.740 (Buss Street intersection)

Reference is made to the following:

- (a) Your email to Mr John Pfingst, Manager (Project Planning & Corridor Management), received by the Department of Transport and Main Roads (the department) on 29 January 2019, enclosing a preliminary layout for a proposed upgrade to realign the Powers Street/Buss Street intersection, as detailed on RMA Engineers Drawing Number C-R0403 Revision A dated 19 April 2018;
- (b) Your email to Mr Pfingst, received by the department on 1 February 2019, advising that Council does not support demaining the section of Powers Street within the proposed intersection upgrade, but requests the intersection remain a departmental asset to the centre point of the realigned intersection;
- (c) Your email to Mr Pfingst, received by the department on 4 February 2019, requesting guidance about the proposed road upgrade works; and
- (d) Your email received by the department on 13 February 2019 enclosing an email history advising that Council wish to maintain state-controlled road to the realigned Powers Street/Buss Street intersection; and

ABN: 39 407 690 291

- (e) Your email received by the department on 13 February 2019 enclosing a link to the detailed design drawings for the proposed upgrade works to the Powers Street/Buss Street intersection.

The drawings obtained by the department via the link were RMA Engineers Drawing Numbers C-D0102, C-D0202, C-D0304C-D0404, C-G0103, C-G0104, C-G0105, C-G0202, C-R0102, C-R0103, C-R0202, C-R0310 to C-R0317, C-R0403 to C-R0406, C-R0501, C-R0602, C-R0603, C-R0702, C-R0703 and C-W0101 all Revision A dated 19 April 2018.

The proposed upgrade works will change the priority at the Powers Street/Buss Street intersection such that through traffic is now directed onto Buss Street and not into the access to Bundaberg Port land (locally known as Wharf Drive).

In your email of 13 February 2019, you advised that Council requests the reprioritised Powers Street/Buss Street intersection be included as a state-controlled road asset, in particular, to the centre of the reprioritised intersection. Previous correspondence included with your email suggested that the road link to the Bundaberg Port should be state-controlled road.

To the department's knowledge, there is no requirement that a state-controlled road needs to be provided to the property boundary of the Bundaberg Port land.

Furthermore, the department has received verbal advice from the Gladstone Port Authority, Office of the Coordinator General and the Department of State Development, Manufacturing, Infrastructure and Planning that they have no objection to the section of Powers Street, where works are proposed, becoming a local government road.

The department has considered your request and confirms it does not support extending the state-controlled road corridor to the centre of the reprioritised intersection for the following reasons:

- The level of demarcation and area of responsibility for road-related business between the state-controlled road and the local road for the reprioritised intersection, including the point of demarcation suggested in your email of 12 February 2019, cannot be accurately determined in accordance with Figure 10.1 of the *TMR/Local Government Cost Sharing Arrangement* dated 16 October 2017;
- The reprioritised intersection will be located mostly on local road and the current extent of state-controlled road corridor will no longer be representative of the reprioritised intersection.
- Changing of the priority of the intersection creates additional maintenance responsibilities for the department which are neither planned or funded within the department's current program of works;
- Certain aspects of the design drawings submitted in your email of 13 February 2019 for the reprioritised intersection do not meet the department's road design standards.

It is for these reasons that I wish to reaffirm the department's position that the section of Powers Street impacted by the works should be demained and returned to the control of the local government. Any cost associated with the demaining process would be cost neutral to both parties.

Further, demaining the section of Powers Street impacted by the works will also provide Council with greater control regarding the standard of works for the re-prioritised intersection and will not need to satisfy the department's road design criteria.

To avoid any unnecessary delays to the delivery of these works, the department requests that Council provide written agreement to demain the section of Powers Street so that the department can commence its internal processes to formalise demaining the section of Powers Street.

Please be aware that once the section of Powers Street relevant to the works is recognised as local road, no further approvals need to be obtained from the department, including construction approval under Section 33 of the *Transport Infrastructure Act 1994*.

If you have any queries or wish to discuss this matter further, please contact Mr John Pfingst, Manager (Corridor Management and Project Planning) on (07) 4154 0200

Yours sincerely

Hendrik Roux
District Director (Wide Bay Burnett)

ROADS & DRAINAGE

Portfolio:

Infrastructure Services

Subject:

De-Main part of Lihs Street, Elliott Heads

Report Author:

Adam Wyatt, Group Manager Projects

Authorised by:

Stuart Randle, General Manager Infrastructure Services

Link to Corporate Plan:

Our Environment - 2.2 Sustainable and affordable essential services - 2.2.1 Connect our people, places and industries by maintaining and improving road transport, pathway and drainage networks.

Background:

On 11 December 2018 Council resolved to request the Department of Transport and Main Roads to de-main a 150 metre section of Lihs Street, Elliott Heads to facilitate the construction of Stage 1 and 2 of the Elliott Heads Foreshore redevelopment. Subsequent to that resolution Council received competitive tenders which made the delivery of stages 1, 2 and 3 of the Elliott Heads Foreshore Masterplan Redevelopment affordable. Attachment 1 shows the overall layout of the proposed redevelopment.

To facilitate the delivery of the foreshore redevelopment, Council has been in communication with the Department of Transport and Main Roads (TMR), as Lihs Street is a State controlled road.

An additional area of State controlled road within the project area is required to be de-mained to facilitate the delivery of all current and future stages of the foreshore redevelopment.

The additional designated State controlled road proposed to be de-mained is approximately 550 metres in length and extends from the intersection of Lihs Street and Park Street (previous de-maining request) to a point approximately 40 metres along Saunders Street. Attachment 2 shows details of the proposed de-maining.

Associated Person/Organization:

Department of Transport and Main Roads (TMR)

Consultation:

Discussions with TMR have been ongoing and will continue throughout the de-maining process.

Councillors

Chief Legal Officer's Comments:

There are no apparent immediate legal implications from the de-maining process, although legal implications will arise throughout the process.

Policy Implications:

There appear to be no policy implications.

Financial and Resource Implications:

The de-maining will have minimal financial or resource implications for Council. Council's Engineering Services Branch will manage the de-maining process.

Risk Management Implications:

No risks have been identified.

Communications Strategy:

Communications Team consulted.

Yes

No

Attachments:

- [↓1](#) Elliott Heads Foreshore Redevelopment Layout Plan
- [↓2](#) Lihs Street De-Maining Detail

Recommendation:

That Council agree to the Department of Transport and Main Roads' request to de-main a section of Lihs Street, Elliott Heads. The section of road to be de-mained is in accordance with Attachment 2.
