Develop and implement a suitable bed bug management plan for the premises.

Bed bugs and pest spray for the whole entire premises (yards included) are done every 12 months and called in if notice anything in-between. The last one was conducted on the 2nd of February 2021.

Bed linen supplied by the premises to guests must be kept in a clean condition

Majority of our guests now bring their own sheets since covid-19 hit. We keep emergency sheets here that are always cleaned before given to guests. The rest are kept at our own residents and cleaned for new guests the day before they move in
